# Please make a donation and help Headway improve life after brain injury

## “I thought it would never happen to me”

Lisa Russell sustained a traumatic brain injury in 2005, and as a result couldn't remember anything that had happened to her before she was 19. With the help of Headway she was able to pick up the pieces and start a new life: *“I have improved vastly over time and have been given lots of help by doctors, therapists and the people at Headway, who have boosted my confidence and self-esteem, improving my life no end”.*

I wish to help Headway – the brain injury association to improve life after brain injury by making a donation of £
