

“The Major Trauma Patient Support Service has been very helpful since my husband’s accident. Thank you very much for your support.”

“I have found the staff to be very helpful and polite and I am very grateful for all their help and support in all matters.”

Major Trauma Patient Support Service

A **FREE** independent charitable service for adults in hospital

www.headwayprestonandchorley.org.uk

Being in hospital, raises many other issues unrelated to your treatment. Our **FREE**, confidential and non judgmental information and advice service can help you.

- Are you concerned about your job whilst you are in hospital and worried about getting back to work?
- Are you too unwell to work and need to claim welfare benefits but don't know where to start?
- Are you already on benefits and need to tell them about a change, but don't know how?
- Do you need legal advice because you have been involved in an accident or assault?
- Are your relatives finding it difficult to visit you because of the travel costs?
- Do you need some PJ's or toiletries and have no one to ask?
- Are you worried about where you are going to go when you are discharged?

These are just some of the ways we can help before you leave hospital. We can also signpost you to other useful community services.

How to get in touch:

**CALL
TEXT** 07808 648 733 or 07808 648 734
